Smart adhesives are everywhere

For more than a century, Bostik has been developing innovative adhesive, filler and sealant solutions. As the world evolves so do we.

Continuous innovation is a priority for Bostik. Bostik has more than 400 chemists and technicians worldwide who are constantly focused on designing cost-effective solutions to help our customers improve the performance of their products and the productivity of their processes, while maintaining priority on easy and safe handling as well as minimising cost and environmental impact.

Our strong local development team has the backing of the global organisation. With this dual strength, Bostik is at the forefront of adhesive and sealant technology, and has the ability to quickly deliver innovative solutions.

Bostik NZ has a great range of paintable fillers and sealants, as well as cleaning products ideal for use prior to and after painting. Several of these paint-related products are Master Painters NZ tested and approved, and made in New Zealand.

We are committed to producing these products economically, safely, and of consistently high quality.

If you have any queries regarding the products featured in this catalogue, please contact Bostik NZ Ltd.

SOLVENT BASED ADHESIVES

Gold Original The original high-strength stud & wallboard construction adhesive

BRANZ Durability Opinion, solvent-based, flexible, high strength, easy to use, construction adhesive. Designed for adhering to a wide variety of wallboards and panels, and for multiple fixing jobs both indoors and outdoors. Excellent weather resistance. Suitable for LOSP and CCA treated timber. Made in NZ. Available in cartridge and sausage.

CODE	COLOUR	SIZE	CARTON
30804108	Gold	375 mL cartridge	20
30804334	Gold	375 mL cartridge (6 pack)	6
30804346	Gold	600 mL sausage	20

Tuf As Nails General Purpose Wallboard & construction adhesive

A solvent-based, high strength, highly versatile construction adhesive, designed for bonding most panels to vertical studs or overhead joists. Excellent wet grab – good wet body, or initial grip. Cured adhesive is very tough and flexible. LOSP suitable. Non drip. Suitable for interior and exterior use with Formica, particle-board, steel and aluminium, timber and hardboard, plasterboard, cement sheet and concrete. Meets AS 2329 Mastic adhesives for fixing wallboards. Made in NZ.

CODE	COLOUR	SIZE	CARTON
30804316	Brown	375 mL cartridge	20

Tuf As Nails Original Polystyrene-safe construction adhesive

A specially formulated, high modulus construction adhesive designed for bonding most common building materials, and is ideal for polystyrene and acrylic shower linings. Low to high stress loadings. Adds rigidity and stiffness. LOSP suitable. Non drip. Suitable for interior and exterior use with acrylic shower linings, polystyrene, steel and aluminium, timber and hardboard. Do not use for mirrors. Meets AS 2329 Mastic adhesives for fixing wallboards. Made in NZ.

CODE	COLOUR	SIZE	CARTON
30804317	Brown	375 mL cartridge	20
30804325	Brown	600 mL sausage	20

Stik-N-Seal Multi-purpose adhesive/sealant

Multi-purpose resilient adhesive/sealant. It bonds to most common substrates and surfaces porous or non-porous, smooth or rough. Resilient, it has good chemical, oil and solvent resistance. Most construction materials can be adhered and sealed including most plastics including flexible PVC. Suitable for applications in air conditioning, engineering, marine and flooring.

CODE	COLOUR	SIZE	CARTON
30804167	Black	300 mL cartridge	20

Shower Grip Acrylic panel adhesive

Premium, aliphatic solvent-based adhesive specifically formulated for shower lining and shower box purposes. Tested and approved for use in installation of both Seratone and Laminex Aquapanel linings. Also bonds other materials including all common plasterboards, wood and aluminium. Adds rigidity and stiffness and helps eliminate movement of the substrate. Heat and mould resistant, long lasting. Made in New Zealand.

CODE	COLOUR	SIZE	CARTON
30804715	Green	320 mL cartridge	20

WATER BASED ADHESIVES

Gold Ultra Water-based, general purpose construction adhesive

Premium water-based, high-bond strength construction adhesive. Very fast curing – twice the strength of common market alternatives after a few hours. Designed for fixing wall and floor panels, and bonding to a wide range of substrates including timber, metal, gypsum, masonry, ceramic, Formica, polystyrene, mirrors and most other construction material, as long as one substrate is porous. Made in NZ. Available in cartridge and sausage.

CODE	COLOUR	SIZE	CARTON
30804056	Gold	375 mL cartridge	20
30804054	Gold	600 mL sausage	20

Tuf As Nails WB Water-based construction adhesive

A non-toxic, high strength acrylic construction adhesive, suitable for timber and steel framing (in conjunction with nails and screws). LOSP suitable. Non drip, suitable for vertical, horizontal and overhead applications. Filling irregular gaps between plasterboard and frame, it will bond clipboard, plywood, Masonite and HardieFlex sheeting to studs or solid walls. Ideal for Green Builds. Made in New Zealand.

CODE	COLOUR	SIZE	CARTON
30804182	Off White	375 mL cartridge	20
30804181	Off White	600 mL sausage	20

Ultragrip Acrylic panel and stud adhesive

Water-based, high strength acrylic stud adhesive. Minimises nail and screw popping caused by timber shrinkage or frame movement, when applied in accordance with AS N25 2589: 2017. Reduces the quantity of nails and screws required to fix plasterboard, therefore reducing the fastener head stopping and finishing requirements.

CODE	COLOUR	SIZE	CARTON
30605919	Blue	600 mL sausage	20
30605930	Blue	4 L pail	1

PU ADHESIVES

Alpha Grip 1 hour cure foaming PU construction adhesive

Solvent-free, thixotropic, quick setting, moisture-cured D4 polyurethane adhesive. Alpha Grip is stronger than wood after one hour – when fully cured has an extremely strong bond with excellent resistance to water, weathering, ageing and marine conditions. Foams slightly to fill gaps and cracks. Tested and approved for use with Laminex Strandfloor. Certified to EN204 D4. Ideal for flooring and general construction and for bonding porous to non-porous substrates.

CODE	COLOUR	SIZE	CARTON
30804522	Bright Cream	310 mL cartridge	20

PVA ADHESIVES

PVA D3 Indoor/Outdoor range Tradesman woodglue

A one-part self cross-linking PVA D3 glue recently developed using Bostik's global R&D expertise. Fast bonding and high strength, sandable and paintable glue. A tradesman's wood glue, suitable to use with wood, leather, cardboard and paper.

CODE	COLOUR	SIZE	CARTON
30804024	Dries clear	500 mL bottle	12
30804519	Dries clear	4kg tub	4
30804518	Dries clear	21kg tub	4

AEROSOL ADHESIVE

Supertak HP High performance aerosol adhesive

This is a fast tack, fast grab, low soak-in spray adhesive especially formulated to bond polyethylene to itself, concrete block, wood and many hard-to-bond surfaces. Used to bond paper, cardboard, fabric, urethane foam, foil, metal, wood and most plastics to itself and a variety of other substrates. Synthetic rubber blend with good heat resistance. Go to for all difficult substrates, temporary or permanent bonds.

CODE	COLOUR	SIZE	CARTON
30804494	Translucent	481g canister	12

MS ADHESIVES

MS Safe Fix Solvent-free, high performance MS construction adhesive

BRANZ Appraisal 662, multi-purpose, heavy duty, MS-based adhesive for construction and building. Elastically seals most building materials and surfaces. Green Star compliant, it is ideal for green builds – low VOC, odour-free and solvent, silicone and isocyanate-free. Exceptionally high initial grab, adheres to common building substrates and solvent sensitive substrates such as mirrors and polystyrene.

CODE	COLOUR	SIZE	CARTON
30605494	White	300 mL cartridge	12

High Tack Solvent-free, ultra strong, instant grab MS adhesive

The original, high quality, professional MS adhesive with an extremely high initial tack and strength. It will adhere heavy materials without mechanical fixing or bracing while curing, and provides a long last hold; withstanding an incredible 450kg /m², based on initial adhesion and immediate strength. Ideal for mirrors, splashbacks, shelving, wall displays, headboards etc. Bonds both porous and non porous materials without primer on most (including damp) surfaces. Available in cartridge only.

CODE	COLOUR	SIZE	CARTON
30617817	White	290 mL cartridge	20

Ultraset SF Brown Solvent-free hardwood adhesive

Solvent-free, polyurethane elastomeric adhesive formulated to adhere most types of hardwood floors. Suitable for adhering recommended acoustic underlays as an intermediate layer between subfloor and flooring system. Adheres parquet, solid strip softwood and hardwood flooring, engineered flooring and bamboo flooring to concrete or timber subfloors. Zero VOC, Green Build. Endorsed by ATFA.

CODE	COLOUR	SIZE	CARTON
30804431	Brown	600 mL sausage	20
30604590	Brown	16kg pail	1

Alpha Grip 1 hour cure foaming PU construction adhesive

Solvent-free, thixotropic, quick setting, moisture-cured D4 polyurethane adhesive. Alpha Grip is stronger than wood after one hour – when fully cured has an extremely strong bond with excellent resistance to water, weathering, ageing and marine conditions. Foams slightly to fill gaps and cracks. Tested and approved for use with Laminex Strandfloor. Certified to EN204 D4. Ideal for flooring and general construction and for bonding porous to non-porous substrates.

CODE	COLOUR	SIZE	CARTON
30804522	Bright Cream	310 mL cartridge	20

Ultraset 3 in 1 Flooring Adhesive

Advanced MS tri-linking adhesive, moisture control and sound reduction membrane

3-in-1 adhesive, which includes sound reduction and moisture control. Suitable for concrete, terrazzo, ceramic tiles, well bonded vinyl sheets, timber, plywood and cement backer board. Adheres parquet, cork, solid strip softwood, hardwood flooring, engineered and bamboo flooring. Extremely low moisture vapour permeability. Can bridge gaps up to 3mm. Superior sound control typically outperforms 6mm cork underlay. The Thickness Control Spacer Technology maintains the adhesive thickness between flooring and substrate.

CODE	COLOUR	SIZE	CARTON
30615274	White	26kg pail	1

MOISTURE VAPOUR BARRIER

Moisture Seal Part A & B Kit Epoxy water vapour barrier

Two-part water-based epoxy coating designed as a vapour barrier membrane to prevent water seepage and permeation through concrete floors. With an improved barrier rate, the product shows excellent adhesion and acts as a surface preparation for subsequent adhesives when laying floor coverings of all kinds. Tested and certified for Hydro Static Pressure.

CODE	COLOUR	SIZE	CARTON

30804016	Part A: White Part B: Grey	20 L tub	1

PU SEALANTS

Seal N' Flex 1 Polyurethane construction joint sealant

Low modulus, polyurethane sealant. When cured, forms a tough, flexible seal and bond capable of cyclic expansion and compression movement of up to 100% (+ 50%) of the original installed joint width. Paintable, acoustic rated and durable to harsh weather conditions. Specified adhesive/sealant for James Hardie Systems. Suitable for use for heavy commercial applications and substrates including metals, glass, concrete, brick, wood, plasterboard, marble, granite, sandstone, plasterboard face and paper-lined recessed edges and GRC. Conforms to ISO11600-F-25-LM. MPI approved for use in farm dairies.

CODE	COLOUR	SIZE	CARTON

30804435	Black	600 mL sausage	20
30840034	Grey	600 mL sausage	20

Seal N' Flex FC Fast cure, polyurethane construction joint sealant

Trafficable medium/high modulus, Class-A polyurethane sealant. Suitable for vehicle and pedestrian traffic areas, and chemical areas. High performance, high bond strength and fast cure. When cured, forms a tough and permanently elastic seal capable of cyclic, expansion and compression movement of up to 50% (+/- 25%) of original joint width. Paintable, and durable to harsh weather conditions. Suitable for building and construction applications with common building substrates and can be used for heavy commercial applications.

Seal N' Flex Facade Low modulus, hybrid polyurethane facade sealant

BRANZ appraised and passed Assure Quality Assessment, professional quality, high performance, low VOC, weather resistant expansion sealant for building facade construction joints. Based on the latest hybrid polyurethane technology, this universal low modulus formula is designed to cure under the influence of humidity to form a durable elastic rubber seal. Excellent adhesion without primer to most, even damp surfaces. Permanently elastic with +/- 25% joint movement. Does not form bubbles while curing. Excellent resistance to UV, water and weather. Enhanced performance in extreme temperatures with superior tooling capabilities. Available in sausage and cartridge.

CODE	COLOUR	SIZE	CARTON

MS SEALANTS

MS Safe Seal Solvent-free, high performance MS construction sealant

BRANZ Appraisal 705, this is a high performance, heavy duty, MS-based construction sealant that is fully paintable. Solvent-free, highly elasticity and flexible, and sticks to most surfaces. Ideal for sealing construction joints, building and expansion joints. Primer: Prep M for non-porous and metal substrates, Prep P for porous substrates.

SILICONE SEALANTS

All Purpose Silicone General purpose, premium 100% silicone sealant

Weatherproof, permanently flexible neutral cure sealant. Excellent adhesion to common construction materials and metals. Will not corrode bare metal. Indoor and outdoor application, with excellent UV and weather resistance. Ideal for Green Builds.

CODE	COLOUR	SIZE	CARTON
30605613	Translucent	300 mL cartridge	20

Kitchen & Bathroom Silicone Mould-resistant, premium 100% silicone sealant

Provides a permanently flexible waterproof seal. Designed for sealing joints in wet and damp areas where resistance to the growth of mould and fungus is important. Neutral cure and non-corrosive. Ideal for kitchen and bathroom fixtures, ceramic tile grouting, glass, fibreglass and glazed ceramic tiles, vitreous enamel and most laminated surfaces. Also available in an acetic cure (white only).

CODE	COLOUR	SIZE	CARTON

ACETIC CURE			
30804571	White	300 mL cartridge	20

Roof & Gutter Silicone Weatherproof, premium 100% silicone sealant

Premium, waterproof, weatherproof, permanently flexible translucent sealant with excellent adhesion to common construction materials and metals. Neutral cure and is ideal for green builds. Excellent adhesion, it stays permanently flexible. It will not corrode bare metal and is Ideal for metal roofing systems, plumbing applications, air conditioning ducting and sheet metal fabrications, flashings and downpipes, skylights and extraction units, pipe or sprinkler system penetrations.

CODE	COLOUR	SIZE	CARTON
30804193	Translucent	300 mL cartridge	20

SILICONE SEALANTS continued

Industrial Silicone Industrial grade, premium 100% silicone sealant

Industrial grade, neutral cure, flexible, silicone sealant is designed for sealing lap joints in metal guttering, aluminium roofing, flashings and downpipes. Suitable for indoor and outdoor applications with excellent UV and weather resistance. Suitable for general construction and marine environments. Perimeter and air seals.

CODE	COLOUR	SIZE	CARTON
30804310	White	300 mL cartridge	20
30804541	Grey	300 mL cartridge	20
30804311	Clear	300 mL cartridge	20

Shower Seal Wet area, premium 100% silicone sealant

Low modulus, neutral cure, premium 100% silicone sealant that provides a permanently flexible waterproof seal. Specifically designed for sealing acrylic showers, bath linings and enclosures. Ideal for kitchens, bathrooms, laundries and other wet areas. The strong anti-fungal formula ensures a clean finish long term. Bonds to most common bathroom materials.

CODE	COLOUR	SIZE	CARTON
30804680	White	300 mL cartridge	20
30804670	Clear	300 mL cartridge	20

Form Seal Neutral quick cure silicone sealant

Perfect for sealing formwork joints for indoor and outdoor applications. Neutral cure, 5 to 10 minutes tack time. Coverage approximately 15 lineal metres for a 5mm bead, with no sag or slump. Non corrosive and stays permanently flexible. Adheres to glass, aluminium, masonry, concrete, stone as well as most metals and plastics. Not to be used for trafficable areas or underwater applications including swimming pools or spas.

CODE	COLOUR	SIZE	CARTON
30614662	Translucent	300 mL cartridge	20

ASBESTOS ENCAPSULATION

Idenden ET-150 Sprayable asbestos encapsulation

ET-150 is easily applied by spray or brush to provide a durable and flexible, water-resistant finish over a wide service temperature range. Suitable for asbestos removal or in-situ encapsulation.

CODE	COLOUR	SIZE	CARTON
30811810	Grey	10 L tub	1

Idenden 30 330 Asbestos penetrant and dust suppressant

Dust/fibre suppressant for removal of Asbestos Contain Material (ACM). Used to remove hand applied asbestos, spray applied asbestos and asbestos clad in hard setting compounds. Excellent removal penetrant which lowers risk of asbestos dust exposure. Low odour and water borne, it is easily applied by brush, drip feed, spray, or injection. Low evaporation rate chemicals.

CODE	COLOUR	SIZE	CARTON
TBC	Persian Blue	10 L jerry can	1

FIRE RATED SEALANTS

Fireban One Fire & acoustic rated polyurethane construction sealant

Fire and acoustic rated, intumescent, low modulus, Class A Polyurethane. For fire rating of jointings of concrete, precast panels, block and brick work, drywall systems, electrical cables and pipe penetrations, in conjunction with other systems such as fire collars, pillows, board systems and fire rated mortars. Fire rated for up to 4 hours, it is suitable for interior and exterior surfaces, and retains its original properties even after years of weather and UV exposure. Approved for use in many GIB® acoustic systems (refer to document Lt001 2012071A MJC Acoustic Sealant Opinions).

CODE	COLOUR	SIZE	CARTON
30840730	Grey	600 mL sausage	20

Firecaulk Intumescent fire rated and acoustic sealant

Fire and acoustic rated intumescent acrylic sealant. Fire Rating for jointing of concrete, precast panels, block and brick work, drywall systems, electrical cables and pipe penetrations. In conjunction with other systems such as fire collars, pillows, board systems and fire-rated mortars. Provides a fire barrier for up to 4 hours, helping to prevent the spread of fire, smoke through walls and floors and prevents passage of hot gases. Fire resistant to AS1530.4 and AS4072.1, and fire rated for gaps up to 40mm. Approved for use in many GIB® acoustic systems.

30804045	Beige	600 mL sausage	20

FILLERS

Fill-A-Gap Acrylic gap filler and sealant

Economical, paintable, gunnable, general purpose acrylic gap filler/sealant. Easy to use and provides excellent adhesion for gaps and cracks, and other low-movement joints. Master Painters NZ tested and approved. Made in NZ.

CODE	COLOUR	SIZE	CARTON
30804014	White	300 mL cartridge	20

Instantly Paintable A980 Immediately over paintable decorator's filler

A high quality filler specifically developed to be painted over immediately after application. For sealing and filling connection joints, seams, holes and cracks. Paintable with water based and synthetic paints. No discolouration with minimal risk of crazy-cracking. Perfect adhesion without primer, even on slightly damp substrates. Non-corrosive towards metal.

CODE	COLOUR	SIZE	CARTON
30609963	White	300 mL cartridge	12

FILLERS

Tradesman's Filler Ready to use multi-purpose filler

Multipurpose ready-mixed, high quality compound for filling gaps and cracks in timber, concrete, plaster and stone. Paintable and easy to sand, it may be used for an interior or exterior finish, and provides excellent water resistance with minimal shrinkage.

CODE	COLOUR	SIZE	CARTON
30612899	Pine	350 mL tub	9
30612898	Pine	700 mL tub	6

Kwikpaint Glazing Putty Advanced technology glazing putty

Glaze to paint within 12 hours! Fast drying, exterior grade, self-priming, wrinkle-resistant glazing compound for use in timber or steel frames with most glass types. Takes oil and water-based paints. Won't shrink or crack over time. Non oily, easy to use. Master Painters NZ tested and approved. Made in NZ.

CODE	COLOUR	SIZE	CARTON
30607187	White	700g sausages x2	20

BACKING ROD

PEF Backing Rod Closed cell PEF rod

Closed cell, low density polyethylene foam, designed for use as a backing material in construction joints before the application of sealants. Good expansion recovery for a perfect fit with no water absorption. Light weight and easy to install.

PU EXPANDING FOAM

Expanda Pro Gun Foam High yield, low expansion PU expanding foam

BRANZ Appraisal 890, this is a professional grade, one component, gun applied, self expanding PU foam. Very high yield (up to 50L) and low post-expansion in one product. Seals, fills cavities, minimises sound, provides air seal, eliminates draughts. Ideal for sealing around windows, door frames, sealing roof openings, air conditioning vents etc. Excellent adhesion to most substrates.

CODE	COLOUR	SIZE	CARTON
30605417	Champagne	750 mL	12

Expanda Pro Foam High yield, low expansion, PU expanding foam

BRANZ Appraisal 890, this is a professional grade, one component, ready-to-use, self expanding PU foam. Very high yield (up to 45L) and low post-expansion in one product. Product can be applied at any angle. Seals, fills cavities, minimises sound, provides air seal, eliminates draughts. Ideal for sealing around windows, door frames, sealing roof openings, air conditioning vents etc. Excellent adhesion to most substrates.

30605419	Champagne	500 mL	12

Expanda Gun & Foam Cleaner Ready-to-use cleaner for Expanda Gun & uncured foam

Ready to use cleaning fluid for use on Bostik Expanda Guns and Aerosol Foams. Cleans aerosol valve and nozzles, removing uncured foam to ensure optimum function and prevent blockages.

CODE	COLOUR	SIZE	CARTON
30605420	Colourless	500 mL	12

GUNS

Expanda Designer Gun High quality foam gun

A high quality gun for professional use. Suitable for use on gun grade Expanda foams. Sourced from Europe.

CODE	COLOUR	SIZE	CARTON
306 05422	N/A	One Size	1

Expanda Compact Gun Economical foam gun

Economical gun suitable for use on gun grade Expanda foams. Sourced from Europe.

CODE	COLOUR	SIZE	CARTON
30605421	N/A	One Size	1

Dual Purpose Cartridge & Sausage Gun Aluminium applicator gun

A handy barrel gun for the easy application of Bostik sausage and cartridge products.

CODE	COLOUR	SIZE	CARTON
30804365	N/A	One Size	1

PRIMERS

N40 Primer Non-porous surface primer/cleaner for metal & some plastic surfaces

A clear, non-staining solvent-based primer/cleaner for promoting the adhesion of polyurethane sealants, acrylic sealants and waterproof membrane systems to non-porous substrates.

CODE	COLOUR	SIZE	CARTON
30804574	Clear	1 L tin	1

N49 Primer Porous surface primer for polyurethane sealant systems

Primer designed for use with the Bostik polyurethane sealant range to ensure adhesion to porous substrates, particularly with water immersed applications.

CODE	COLOUR	SIZE	CARTON
30804493	Clear	1 L tin	1

Simson Prep M One-step pretreatment industrial primer

For the improvement of the adhesion on non-porous substrates of MS products. Pretreatment of plain aluminium, steel, copper and brass surfaces; powder coated metals; lacquered metals (make a test on the substrate first to check possible effects). Pretreatment of polyester (GRP), ABS and PVC.

CODE	COLOUR	SIZE	CARTON
30608604	Clear	250 mL tin	1

Simson Prep P Liquid pretreatment industrial primer

A liquid pretreatment for improving the adhesion of MS products on porous substrates.
Pretreatment of mineral substrates such as brickwork, concrete and lightweight concrete
Pretreatment of wooden substrates (such as seams in teakwood ship decks).

CODE	COLOUR	SIZE	CARTON
30804484	Clear	500 mL tin	1

PLUMBING

PVC Pipe Cement Solvent-based PVC pipe cement

High quality, fast drying, easy to use adhesive for PVC pipes. Fast drying and shows rapid strength development, it is specifically developed for adhering rigid PVC piping, spouting and channeling. The bond is not affected by plasticiser migration. Conforms to AS/NZS 3879: 2011. Suitable for drinking water.

CODE	COLOUR	SIZE	CARTON
30804250	Clear	125 mL bottle	10
30804249	Clear	250 mL bottle	10
30804248	Clear	500 mL bottle	10

PVC Primer Primer for PVC-U and ABS pipe & fittings

It is essential that PVC Primer be used to prepare the jointing surface prior to solvent cement application. Thoroughly prime PVC pipe ends and inside the PVC fittings to degrease surface and remove glossy finish. Apply Bostik PVC Pipe Cement and assemble as soon as possible after priming. Jointing procedure should be followed to AS/NZS2032. Do not mix any additives to the priming fluid. Approved to AS/NZS4020 for Drinking Water.

30613013	Red	500 mL bottle	10

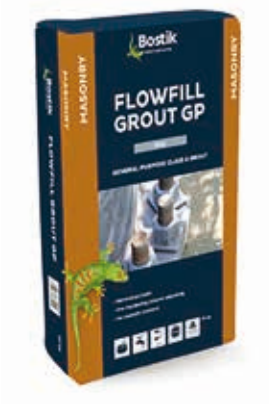

Plumbers Putty Odourless putty

A white, soft, non tacky product with a slight greasy feel, compounded from high quality, odourless and colourless oils and rubbers. Adheres to a wide range of solid surfaces to give a permanent, flexible, water resistant seal. Does not deteriorate significantly with age when used in interior applications, away from exposure to strong sunlight. Not suitable for use in exterior situations where there is exposure to strong sunlight. Made in NZ.

CLEANERS

Clean Brake Heavy Duty Cleaner

Cleans disc brakes to prevent brake noise caused by contamination or to stop clutch slipping. A general purpose degreaser for automotive workshops, suitable for mechanical and industrial cleaning and degreasing operations. A no residue, balanced evaporation for optimum cleaning and shortest drying time. Made in New Zealand.

CODE	COLOUR	SIZE	CARTON
30607922	Colourless	500 mL aerosol	12
30607923	Colourless	20 L tin	1

Handy Wipes Extra large wipes with scrub side

Waterless extra large wipes hand towels with a convenient scrub side for removing tough grime and the other side for gentle wiping. Cuts through grease, tar, uncured adhesive, lubricants, ink and paint. Won't scratch or mark. Soft on hands, kind to skin.

CODE	COLOUR	SIZE	CARTON
30603766	Clear liquid on purple	70 towels per tub	6

Sugar Soap Ultra concentrated heavy duty cleaner

A concentrated, heavy duty, all purpose cleaner. One litre makes 80 litres. Ideal for removing grease, grime, mould, smoke stains and wallpaper residue from walls and ceilings prior to painting. Master Painters NZ approved. Made in NZ.

CODE	COLOUR	SIZE	CARTON
30804531	Clear	1 L bottle	6
30804544	Clear	5 L bottle	4

No. 1 Solvent Solvent cleaner/thinner

Very mild low odour solvent for situations including polystyrene, or where stains need to be removed from very sensitive plastic surfaces.

CODE	COLOUR	SIZE	CARTON
30804146	Colourless	4 L tin	2

No. 2 Solvent Solvent cleaner/thinner

Strong solvent used to thin most contact adhesives, clean brushes or wash out spray equipment. Reactivates neoprene contact adhesives.

CODE	COLOUR	SIZE	CARTON
30804148	Colourless	1 L Tin	4
30804147	Colourless	4 L Tin	2

No. 3 Solvent Solvent cleaner/thinner

Fast drying, general purpose, medium strength solvent. Degreasing and cleaning for metals and rubber surfaces. Free from oil and contaminants.

CODE	COLOUR	SIZE	CARTON
30804150	Colourless	4 L Tin	2
30804151	Colourless	20 L Tin	1

No. 4 Solvent Solvent cleaner/thinner

Strong solvent used mainly to thin or reactivate urethane or nitrile-based adhesives. Can be used to remove dried adhesives from a variety of surfaces. PVC cleaner prior to cementing. Thinner where recommended.

Hot Melt Gun HG3 Electrically operated applicator

Lightweight, easy to use, trigger-action glue gun for dispensing hot melt glue. Suitable for DIY tasks, household repairs, hobby and craft work.

CODE	COLOUR	SIZE	CARTON
30804587	N/A	One size	1

Hot Melt Glue Sticks Hot melt adhesive sticks

For use with Bostik HG3 Hot Melt Gun. A clear, flexible glue that bonds instantly with no fumes or solvents. Designed for bonding plastics, polystyrene and polyurethane foam products, metal, paper, wood, ceramics, leather and fabric.

CODE	COLOUR	SIZE	CARTON
30804375	Clear	10 sticks	10

Hot Melt Gun TG4 Heavy duty electrically operated applicator

Electrically operated applicator designed to dispense hot melt glue to bond most materials quickly and efficiently. It has given secure, long lasting and cost effective bonding in many industrial applications in packaging, product assembly, furniture and other allied industries.

CODE	COLOUR	SIZE	CARTON
30804478	N/A	One size	1

6303 Hot Melt Glue Sticks Hot melt adhesive sticks

For use with Bostik TG4 Hot Melt Glue Gun. General-purpose hot melt adhesive displaying good adhesion to a wide variety of substrates. It is supplied in 10 mm diameter sticks. Also suitable to use with Bostik HG3 Hot Melt Gun.

CODE	COLOUR	SIZE	CARTON
30804592	Clear	15kg	1

Super Glue adhesive Industrial strength multi-purpose glue

Powerful, fast setting glue. Bonds most surfaces in seconds such as metal, wood, leather, rubber, ceramics and most plastics.

CODE	COLOUR	SIZE	CARTON
30804556	Clear	3mL blister	6
30804549	Clear	2 x 3mL blister	10

Multi Bond adhesive General purpose adhesive

Fast setting, all purpose adhesive that sets as a clear and flexible bond. Resistant to weather, oil, petrol, water, weak acids and alkalis. Ideal for bonding leather, metals, wood, canvas, PVC and other plastics.

CODE	COLOUR	SIZE	CARTON
30804535	Clear	30 mL blister	6

Contact Bond adhesive Industrial strength contact adhesive

Provides an extra-strong, water-resistant and flexible bond on contact. Ideal for woodwork, leather, felts, cotton-back PVC and more.

CODE	COLOUR	SIZE	CARTON
30804537	Clear	50 mL blister	6
