P335 FOAM'N'FILL ESSENTIAL PRO

Bostik P335 FOAM'N'FILL ESSENTIAL PRO is a 1-component insulation and construction polyurethane foam developed to create a seal between construction parts. Bostik P335 FOAM'N'FILL ESSENTIAL PRO cures in response to moisture from the air and the building material.

Bostik P335 FOAM'N'FILL ESSENTIAL PRO was developed to fill joints around door frames and in general construction. Also for use in partition walls, ceiling and floor joints, surface penetration of pipes and tubes through walls and floors. Bostik P335 FOAM'N'FILL ESSENTIAL PRO has excellent adhesion to concrete, brick, stone, plaster, wood, metal and many plastics like EPS and XPS, rigid PU foam and uPVC.

*Information sur le niveau d'émission de substances volatiles dans l'air intérieur, présentant un risque de toxicité par inhalation, sur une échelle de classe allant de A+ (très faibles émissions) à C (fortes émissions).

BENEFITS

- Easy Application
- Low post expansion
- Ideal for Filling and Sealing of cracks, gaps and pipe ducts
