

GLASS'N'SEAL SILICONE N S740

PREMIUM MATT SILICONE SEALANT
FOR GLAZING & FACADE JOINTS

BOSTIK S740 GLASS'N'SEAL SILICONE N is a versatile neutral silicone sealant for glazing and facade joints, which cures under influence of humidity to form a durable elastic rubber.

- 100% Meko-free
- Neutral curing, almost odourless
- BREEAM International Compliant
- Perfect bonding without primer on most substrates
- Excellent resistance to UV, water and weather
- Non corrosive towards metals
- Good adhesion to glass, painted wood, ceramic, enamelled substrates, stainless steel and many plastics
