SUPERGRIP FAST CURE H910

UNIQUE EXTREME FAST CURING
POWER ADHESIVE

BOSTIK H910 SUPERGRIP FAST CURE is a high quality professional hybrid adhesive with a fast strength build-up and extremely high tensile strength.

- Extreme fast curing and strength build-up (80% < 15 minutes)
- High mechanical resistance
- Cost saving due to thin adhesive layer of 2mm
- Free of isocyanates and solvents
- Neutral curing, almost odourless
- Resistant to moisture and weather
- Adheres perfectly to a wide range of building materials
