

- Highly Versatile
- High Bond Strength
- Easy Gunning

Tuf As Nails construction adhesive range

PROUDLY NEW ZEALAND MADE

Bostik's Tuf As Nails range of economical construction adhesives provide good bond strength and adhesion to most common substrates, and work on most timber treatments. The non-s slump, easy gunning formulation is ideal for ceiling applications, and works well even in low temperatures. The range includes solvent based and water based technologies, as well as a special formulation designed for solvent sensitive substrates, which is polystyrene safe and can be used on acrylic shower linings.

Tuf As Nails construction adhesive range

Tuf As Nails General Purpose Wallboard & construction adhesive

A solvent-based, high strength, highly versatile construction adhesive, designed for bonding most panels to vertical studs or overhead joists. Excellent wet grab – good wet body, or initial grip. Cured adhesive is very tough and flexible. LOSP suitable. Non drip. Made in NZ, available in cartridge only.

PRODUCT CODE	TYPE	SIZE	UNITS/CTN
30804316	Cartridge	375ML	20
KEY FEATURES		RECOMMENDED USES	
<ul style="list-style-type: none"> • Economical • Interior/Exterior • High bond strength • Bonds to most surfaces (See TDS) • Suitable for vertical, horizontal and overhead applications • Easy gunning • Fast curing • Flexible • Meets AS2329 Mastic adhesives for fixing wallboards • NZ made 		<ul style="list-style-type: none"> • Formica • Particleboard • Steel and aluminium • Timber and hardboard • Plasterboard, cement sheet and concrete • Brick work 	

Tuf As Nails Original Polystyrene-safe construction adhesive

A specially formulated, high modulus construction adhesive designed for bonding most common building materials, and is ideal for polystyrene and acrylic shower linings. Low to high stress loadings. Adds rigidity and stiffness. LOSP suitable. Non drip. Do not use for mirrors. Made in NZ, available in cartridge and sausage.

PRODUCT CODE	TYPE	SIZE	UNITS/CTN
30804317	Cartridge	375ML	20
30804325	Sausage	600ML	20
KEY FEATURES		RECOMMENDED USES	
<ul style="list-style-type: none"> • Economical • Interior/Exterior • Polystyrene safe • Bonds to most surfaces (See TDS) • Suitable for vertical, horizontal and overhead applications • Easy gunning • Fast curing • High modulus • Adds rigidity and stiffness to help eliminate movement • Meets AS2329 Mastic adhesives for fixing wallboards • NZ made 		<ul style="list-style-type: none"> • Acrylic shower linings • Polystyrene • Steel and aluminium • Timber and hardboard • Plasterboard, cement sheet and concrete 	

Tuf As Nails Water Based Water based construction adhesive

A non-toxic, high strength acrylic construction adhesive, suitable for timber and steel framing. LOSP suitable. Non drip. Ideal for Green Builds. Made in NZ. Available in cartridge and sausage.

PRODUCT CODE	TYPE	SIZE	UNITS/CTN
30804182	Cartridge	550g	20
30804181	Sausage	850g	20
KEY FEATURES		RECOMMENDED USES	
<ul style="list-style-type: none"> • Economical • Water based • High bond strength • Suitable for vertical, horizontal and overhead applications • Easy gunning • NZ made 		<ul style="list-style-type: none"> • To fix plasterboard to steel or timber studs and frames (in conjunction with nails and screws) • Filling irregular gaps between plasterboard and frame • Bonding clipboard, plywood, Masonite and Hardie-Flex sheeting to studs or solid walls 	

Before use refer to current Technical Data Sheet and Safety Data Sheet.
