

# TRADESMAN FILLER

## READY TO USE MULTI-PURPOSE FILLER

9 October 2018

### YOUR SMART ADVANTAGES

- Interior and exterior
- Easy sanding
- Low odour
- Paintable
- Nearly zero shrinkage
- Moisture resistant
- Scented for easy interior use

### USES

- Filling holes and cracks in timber, concrete, plaster and stone

### PRODUCT CHARACTERISTICS\*

Colour	Beige
Dry time	60 – 90 minutes for 1mm film on timber at 25°C. Thicker layers and cold conditions will require longer
Product code	
350ml tub/9 per carton	30612899
750ml tub/6 per carton	30612898

### DIRECTIONS FOR USE

**Read and understand the Material Safety Data Sheets before using this product.**

### SURFACE PREPARATION

Ensure all surfaces are clean, dry and free from dust and grease. Remove all loose materials (including old filler) from the areas to be filled.

### APPLICATION

- Using a putty knife or spatula press Bostik Tradesman Filler into the cracks or holes to be filled.
- For deep holes and cracks apply Bostik Tradesman filler in layers of no more than 6mm. Allow each layer to dry before applying the next layer.
- Once the filler is dry, sand smooth and paint using water or solvent based paint. Priming is

recommended – follow the paint manufacturer's recommendation.

- If the product in the tub becomes too stiff from drying on exposure, add a small amount of water, a bit at a time, mixing between additions to bring it to a usable consistency. The addition of too much water will result in shrinkage when applied.

### LIMITATIONS

- This product has limited flexibility, use a flexible filler such as Bostik Fill A Gap for low movement joints or Bostik Safe Seal for high movement joints.
- Bostik Tradesman Filler should not be used in conditions where it will be continuously wet.
- Bostik Tradesman Filler performs best in exterior conditions when it is painted.

### CLEANING

Water while wet, mineral turps when dry.

### STORAGE AND SHELF LIFE

Store in a cool dry place below 25°C and out of direct sunlight. Protect from frost or freezing. The product is best used 1 year from the date of manufacture when stored as directed.

### DISPOSAL

Empty containers may be disposed via local landfill. If spilt, absorb with clay, sand or earth. Collect and seal in properly labelled metal container. Dispose of according to local authority regulations. Do not dispose of down drains or into local waterways.
