Welcome to our world of smart adhesives!

Bostik, the Adhesives segment of Arkema

Bostik belongs to the Arkema Group, a Specialty Materials player that offers innovative, sustainable solutions.

With sales of €8.7 billion, Arkema is a world player that offers cutting-edge technical solutions.

Key:
% sales by Group business segment in 2019

6 key innovation platforms:

- New energies
- Water management
- Lightweight materials and design
- Bio-based products
- Home efficiency and insulation
- Electronics solutions

At Bostik, we create adhesives that do more than stick things together

Our vision

Our smart, multifunctional adhesives make our world **safer**, more **flexible**, more **efficient** and **better adapted** to our environment.

Our mission

Develop **innovative adhesive solutions** for assembly and construction, which are better adapted to the forces that shape our daily life.

Solid expertise worldwide

49 countries, including 54 technical, distribution, sales and administration centers.

An ambitious bolt-on acquisition program:

2016 | 2017 | 2018 | 2018 | 2018 | 2019 | 2020

We improve people's daily lives

Our adhesives solutions meet the needs of every market...

Construction & Consumer SEALING & BONDING	Industrial Assembly DURABLE GOODS
WALL & FLOOR	ADVANCED PACKAGING
CONSUMER (REPAIR, DECORATION & STATIONERY) 	NON-WOVEN

...with Innovative solutions for every challenge

Brilliance™

The world's first high-performance olefin elastic attachment adhesive. This patented formulation eliminates the many production problems your company faces every day.

Technis® R

Next-generation self-leveling floor screed that is fast curing, flexible and non-shrinking.

Polyurethane Sealants

New-generation polyurethane sealants that ensure bubble-free curing.

Axios™

Revolutionary hardwood adhesives based on Tri-Linking Polymer technology, with sound reduction for building occupants and unlimited moisture vapour protection for all types of wood.

Kizen®

Next-generation hot melt adhesive for case and carton sealing. Enables production efficiencies through waste elimination, coating weight reduction and fast setting speeds.

Fix & Flash and Fix & Glue

The new generation of superglues. Our unique, advanced methoxyethyl cyanoacrylate (MECA) technology enables instant bonding, with greater safety and efficiency than traditional superglues, and long-lasting results.

Born2Bond™

MECA-based instant engineering adhesives with patented low-odour formulations, which enable a more comfortable manufacturing environment, and low-bloom solutions, suitable for use in mass production in selected industries.

New Compostable Hot Melt Adhesive

Bostik is the leading supplier of hot melt compostable adhesives for insulated paper cups. Approved by the Biodegradable Products Institute (BPI).
