Declaration that SL C500 ULTIMATE complies with the FEICA Model Environmental Product Declaration, Modified mineral mortar, group 1

Dear customer,

Bostik Ltd is a member of FEICA, the Association of the European Adhesive and Sealant Industry, which has developed European Model EPDs for Modified mineral mortar, group 1. These Model EPDs were verified by the independent institute IBU (Institut Bauen und Umwelt); Germany's Institute for Building and the Environment. The FEICA Model EPDs have been published on the FEICA¹ website, and also on the websites of the IBU² and ECO³ (Platform of the European EPD Programme Operators⁴) and can be downloaded there.

As a member of FEICA, and with the help of an internal FEICA members' guidance paper, Bostik Ltd is entitled to determine the compatibility of its product with the FEICA Model EPD.

By means of this declaration, we certify that we have verified the compatibility of SL C500 ULTIMATE with the FEICA Model EPD for Modified mineral mortar, group 1 according to the FEICA guidance developed for this purpose. This means that the LCA data and the other content of the attached Model EPD apply to the above-mentioned product and can be used for the assessment of buildings.

Please do not hesitate to contact us if you require any further information.

Yours sincerely,

Colombes, France
