

QuartzLock2™ is now TruColor® RapidCure™

KEY FEATURES

- Consistent color every time
- No sealing required ever
- 3 day water exposure

PRODUCT BENEFITS

- Bostik's TruColor® RapidCure™ is a Bostik approved substitute for QuartzLock2™
- Premixed, for fast, easy installation
- 3 day intermittent water exposure
- Submerged applications
- No powdered pigment additives*
- No color fading, streaking or shading – even when wet!
- Does not contribute to efflorescence
- No sealing required ever!
- Chemical and stain resistant
- Re-usable (when stored properly in original container)
- UV stable – colors will not yellow, darken or fade
- Easy water clean up
- Non-sag formula ideal for vertical surfaces
- May contribute to USGBC LEED® Credits: MR 4.1 & 4.2 (Recycled Content) and EQ 4.1 (Low-Emitting Materials)

* White contains some loose pigment
