

BOSTIK SANITISER SURFACE SPRAY

SURFACE SANITISER

10 June 2020

YOUR SMART ADVANTAGES

- Kills 99.9% of germs
- Sanitises surfaces
- Easy to apply
- Dries quickly
- No rinsing, no residue

DESCRIPTION

Bostik Sanitiser Surface Spray is an alcohol-based surface cleaner, which evaporates to dryness quickly.

Bostik Sanitiser Surface Spray has been formulated to meet the WHO recommended alcohol content to ensure adequate sanitisation, and does not contain any other active or inactive ingredients including colours, fragrances or emollients.

USES

Surface Sanitiser. For use in the workplace and home.

May be used indoors and outdoors, on hard surfaces and soft furnishings/fabrics.

DRYING TIME

Drying time will vary dependent on application, environmental conditions, temperature and types of surfaces. Please refer to below indicative times based on a laboratory ambient temperature of 23 degrees celsius, and application of a fine spray mist via the pump.

Metals, plastics, wood, leather and glass:
approximately ten minutes.

Fabrics and carpets:
approximately five minutes.

Note: Higher temperatures and good ventilation/windy conditions, will result in a quicker flash off time. Lower temperatures and high humidity, will result in slower flash off times.

PRODUCT CHARACTERISTICS

Appearance	Clear, colourless
Form	Liquid
Composition	Ethanol based solution (80 % V/V)

Product codes

5 L jerrycan	30617559
20 L jerrycan	30617776
5 L Spray Kit	30617865

APPLICATION

1. Always ensure dispensing unit/nozzle is facing away from the body.
2. Spray surface **finely** and evenly, ensuring full coverage. **Avoid** droplets of the liquid or dispensing in a heavy layer. *If any excess droplets form, or spillages occur, wipe off immediately to prevent any surface issues.*
3. Leave until Bostik Surface Sanitiser has evaporated to dryness.

PRECAUTIONS IN USE

Before applying to any substrate, test on a sample or small, unseen area to verify colourfastness, or that the spray will not affect the item in any way.

If applying to items such as cushions or rubber-backed fabrics, also check that the spray does not affect foam fillings or backings. If applying to furniture, it may be necessary to wipe dry as the alcohol present in Bostik Sanitiser Surface Spray may damage painted or varnished surfaces.

After applying the Bostik Sanitiser Surface spray to fabric, allow to dry completely before using. Allow any cushion filling to completely dry before using. Ensure that any fabrics treated with Bostik Sanitiser Surface spray are kept well away from sources of heat and ignition, even after drying.

BOSTIK SANITISER SURFACE SPRAY

STORAGE AND SHELF LIFE

Store in a cool dry place between 5 to 30° C and out of direct sunlight. Keep away from flames, sparks and other sources of ignition. Avoid static charge build-up.

Shelf life is 36 months from the date of manufacture when stored as directed.

Do not reuse containers for any material other than Bostik Sanitiser Surface Spray.

HEALTH & SAFETY

Highly flammable liquid and vapour.
Causes serious eye irritation.

Keep away from eyes. Repeated or prolonged contact may dry skin and cause irritation. Seek medical advice if there is a reaction to this product.

Wear appropriate eye protection.
Ensure adequate ventilation if using indoors.
Keep away from flames and other sources of ignition.
Not for consumption - for external use only.

Do not mix with any other cleaning chemicals & ensure that the surfaces are free of detergent & bleach residue.

If poisoning occurs, contact Poisons Information Centre
Phone 131126

FIRST AID

Swallowed: Do not induce vomiting, give a glass of water and contact a doctor immediately.

Skin: If irritation occurs, discontinue use and seek medical advice.

Eyes: Hold eyes open and flood with water for at least 15 minutes.

Always read the Technical Data Sheet and Safety Data Sheet (SDS) before handling or use. Full product safety information required for safe use is not included in this data sheet. SDS available by request or at www.bostik.com.au
