

# Cleaner 14

## CLEANER AND DEGREASER

### ADVANTAGES

- Fast drying
- For heavily contaminated surfaces
- Aggressive cleaner

### PRODUCT

Bostik Cleaner 14 is a thin liquid product for cleaning and degreasing substrates before sealing or bonding with specific Bostik products.

### APPLICATIONS

- Cleaning and degreasing of non-porous substrates.
- Can, in specific cases, be used as adhesion improver due to deterioration of the adhesive surface.

### METHOD OF USE

Rub the surfaces firmly with a clean, dye-free cloth soaked in Cleaner 14. Repeat for heavily soiled substrates.

**Note:** First perform a small test to ensure that the substrates will be affected by the volatile components of Cleaner 14. Plastics and lacquers, in particular, may be damaged.

**Application temperature:** +5 to +30 °C.

**Drying time:** Five minutes of drying time is recommended.

### STORAGE STABILITY

Shelf life of at least 24 months in unopened original packaging when stored in a dry place at temperatures between +5 and +30 °C.

### FURTHER INFORMATION

Material safety data sheet is available on [bostikdsd.thewerco.com](http://bostikdsd.thewerco.com).

Technical data	
Density	0,8 g/ml
Flash point	-6°C
Article number	30022100
EAN code	871352603204
Colour	transparent
Packaging	1L tin
Packed per	6
