

Paneltack HM

ELASTIC CLADDING PANEL ADHESIVE

ADVANTAGES

- Suitable for all sort of cladding panels like fibre cement boards and aluminium composite panels.
- Strong, high modulus
- KOMO certified

PRODUCT

Paneltack HM (High Modulus) is a moisture-curing, elastic adhesive with high modulus based on SMP, specially developed for bonding fibre-cement boards, natural stone and aluminium composite cladding panels.

APPLICATIONS

Bonding of cladding panels for façade cladding, fascias, soffits, canopies and parapets.

FEATURES

- Solvent- and isocyanate-free.
- Long-lasting high elasticity with optimum distribution of strain.
- Excellent mechanical strength.
- Good moisture- and weather-resistance.
- Simple and fast fixation.

METHOD OF USE

See 'Method of use for the bonding of exterior wall cladding panels'.

A wide variety of wall cladding panel systems are available on the market, each with their own individual characteristics. Bostik therefore works closely with major wall cladding panel manufacturers to closely match the adhesive system to the specific cladding panels. A detailed Technical Information Sheet is available for a number of cladding panels, with specific information for the cladding panel concerned.

STORAGE AND STABILITY

Store cool (between +5 and +25 °C) and dry. Can be stored for at least 12 months in unopened packaging. See code on top end of cartridge: B(est) B(efore) mm/yy.

FURTHER INFORMATION

Material safety data sheet is available on bostikdsd.thewerco.com.

Technical data	
Base	SMP (Silyl Modified Polymer)
Component	1
Type	elastic
Consistency	smooth, homogeneous paste
Shore A	approx. 52
Density	approx. 1.5 g/ml
Flow resistance 25 mm	0 mm (at +20°C)
Skin formation (start)	15 min. (at +20°C/RV 50%)
Temperature resistance	-40 to +90°C
Application temperature	+5 to +30 °C
Tensile strength	2,6 N/mm ² ISO 37
Shear strength	2,5 N/mm ² ISO 37
Max. allowable movement	3 mm
Colour	black
Packed per	12
Pallet	1152 cartridges / 720 sausages
Article code cartridges	30132201
Article code sausages	30132181
EAN code cartridges	8713572167201
EAN code sausages	8713572027925
Contents	Cartridges 290 ml / sausages 600 ml
