SEAL'N'BOND CRYSTAL H505

GENERAL PURPOSE

UNIVERSAL CRYSTAL CLEAR
HYBRID SEALANT & ADHESIVE

SEAL'N'BOND CRYSTAL H505

Bostik H505 SEAL'N'BOND CRYSTAL is a high quality professional phthalate, tin and solvent free crystal clear universal sealant and adhesive. Hybrid based, it cures under influence of humidity to form a durable elastic rubber.

Bostik H505 SEAL'N'BOND CRYSTAL with its high UV resistance, was specifically developed as a crystal clear universal sealant and adhesive for interior and exterior use*. It can be used for all type of non-structural sealing applications where a minimum of joint movement is expected. It can also be used to seal and bond a wide variety of common building materials.

BENEFITS

- Crystal clear appearance
- High UV resistance
- Multi-functional sealant and adhesive
- Phthalate-free, tin-free, solvent free
- Suitable for internal and external use

AREAS OF APPLICATION

*Before use refer to current Technical Data Sheet and Safety Data Sheet
