

Bostik's Leading-Edge, Linerless Label Adhesives

ENABLING YOU TO DO MORE WITH LESS

How Do Our Linerless Label Adhesives Help You?

Bostik's linerless label adhesives are formulated with your efficiency and sustainability initiatives at the forefront. By not requiring a release liner, our linerless label adhesives:

- Enable more labels per roll
- Allow for variable print lengths
- Decrease roll changes and downtime
- Reduce freight costs and carbon emissions
- Eliminate gaps between labels
- Improve worker safety

INTRODUCING OUR NEWEST LINERLESS LABEL ADHESIVE: THERMOGRIP® 2356

Designed to enhance production line efficiencies and enable sustainable processes for quick service restaurant applications, our newest linerless label adhesive is:

- Easily removable from papers, corrugate and plastics
- Compatible with direct thermal face stock
- Suitable for high service temperature environments

Additionally, by enabling labels to adhere to a substrate without the use of release liners, this adhesive helps eliminate material waste and boosts process efficiencies.

WHAT OTHER PRODUCTS DO WE OFFER?

Bostik also formulates linerless label adhesives for shipping labels, mobile printing, deli weigh scale applications and more. View this chart for an overview of our complete linerless label adhesive product family:

LINERLESS LABEL PRODUCT	APPLICATION	BENEFITS
Thermogrip 2916	<ul style="list-style-type: none">• Shipping labels• Mobile printing	<ul style="list-style-type: none">• Easy to remove• Fast adhesion for auto-apply and sortation processes
