

Don't just stick it. Bostik it.

COOL BACK TO SCHOOL CRAFT IDEAS FROM BOSTIK...

A-Z Buddies Address Book:

The best part of going back to school is seeing all your buddies again. Create your very own A-Z Buddies Address book and start collecting their contact details. Great for when you need to arrange your birthday party or other social gatherings.

What you need:

- Bostik Crazy Clay
- Bostik Super Clear Tape Dispenser Value Pack
- Bostik Art & Craft Bling Bitz
- Bostik Blits Stik Mini Super Glue
- Bostik Glue Stick
- Tissue paper
- Coloured paper
- Letters of the alphabet (use magazine cut outs)
- Hardcover exercise book
- A pair of scissors

How to make:

- Mix together different amounts of blue and yellow Bostik Crazy Clay to get three shades of green. Using a knife cut out an apple shape.
- Now, taking a lighter shade of green cut out a heart shape. Then use the darkest shade to make the leaf. Press the leaf gently into the heart, then press the heart onto the apple.
- Mix and twist some black and white Bostik Crazy Clay together, roll into a short sausage and then form a Z.
- Set the Bostik Crazy Clay items aside to dry overnight.
- Cut out letters of the alphabet from old magazines.
- Cover the book with two colours of tissue paper, using your Bostik Super Clear Tape to secure the cover to the inside of the hardcover book.
- Cut out circles from different coloured paper and glue the letters of the alphabet to each circle using your Bostik Glue Stick.
- Dispense a piece of Bostik Super Clear Tape long enough to cover the length of the first page of your address book and scatter different shapes from your Bostik Bling Bitz wheel onto the sticky side of the tape.
- Carefully paste the tape vertically on the first page of the address book.
- Apply a thin bead of Bostik Blits Stik Mini Super Glue to the back of the Bostik Crazy Clay apple and along one side of the Z, then lightly press them down onto the front cover of the address book.
- Set aside to dry completely before filling your funky new address book with the names, addresses and birth dates of all your school buddies.
