Easter Crazy Clay Characters

There's no limit to the great Crazy Clay characters you can create this Easter - meet Goofy Bunny and Dandy Duck! Use them as place names, gifts, toys or décor items...

Bostik Art & Craft Crazy Clay can be used to create just about any funky Easter character to brighten up the Easter hunt. There is an easy-to-use colour mixing chart in the Crazy Clay pack that will help you mix any colour of the rainbow - and if you run out of your favourite colour or need more white (which you'll tend to use a lot when mixing funky colours) then simply dash out to get one of Bostik's new Crazy Clay Refill packs. Each refill pack contains one colour and one white tub to make your clay building even more versatile. We made a Goofy Bunny and Dandy Duck - what are you going to make?
