Bostik’s Leading-Edge, Linerless Label Adhesives
ENABLING YOU TO DO MORE WITH LESS
INTRODUCING OUR NEWEST LINERLESS LABEL ADHESIVE: THERMOGRIP® 2356

Designed to enhance production line efficiencies and enable sustainable processes for quick service restaurant applications, our newest linerless label adhesive is:

- Easily removable from papers, corrugate and plastics
- Compatible with direct thermal face stock
- Suitable for high service temperature environments

Additionally, by enabling labels to adhere to a substrate without the use of release liners, this adhesive helps eliminate material waste and boosts process efficiencies.

WHAT OTHER PRODUCTS DO WE OFFER?

Bostik also formulates linerless label adhesives for shipping labels, mobile printing, deli weigh scale applications and more. View this chart for an overview of our complete linerless label adhesive product family:

<table>
<thead>
