Turbo-Seal® 1961
WATER-BASED ADHESIVE

KEY FEATURES
- In-can preservative
- High coat speed
- FDA approved

DESCRIPTION
Turbo-Seal® 1961 is a water-based cohesive coating for candy and snack food flexible packaging applications. It is based on a blend of natural rubber latex and synthetic latex and is formulated to be low foaming on high speed coating equipment.

PACKAGING
For packaging options please call your Bostik sales or technical representative.

SHELF LIFE
When stored properly (see "Storage and Handling" section of this document), shelf life of 1961 is 4 months from the date of manufacture printed on the container.

STORAGE & HANDLING
Store at a temperature of 50-80°F (10-27°C). This product must be protected from freezing; product is not usable after freezing.

COUNTRY OF MANUFACTURE
United States

APPLICATION TECHNIQUES
Apply via gravure application at temperatures between 50-80°F (16-27°C). Not suitable for Flexographic application. Can be used for two-ply lamination and single layer surface printed packaging, depending upon the specific requirements of the application. Optimum performance is obtained with an application weight of 3.0-3.5 dry lbs/ream depending on the substrate and seal requirement.

Properly converted TURBO-SEALS® will have minimal blocking to suitable release films and lacquers; contact your Bostik technical representative to assist in selection of a suitable TURBO-SEAL® product and “release” system.

Please consult with Bostik’s technical group for proper use recommendations.

FOOD LEGISLATION
1961 complies with the positive lists of many internationally accepted guidelines for the production of articles intended to come into direct and indirect contact with foodstuff. Please contact your Bostik technical representative with the specific application.

CAUTIONS
Do not use with brass, copper, or bronze equipment. Do not use with “natural” rubber equipment (rollers, hoses, etc.). Do not use high shear pumps. Use low speed, low shear pumps only. A peristaltic pump is recommended.

When combining Bostik, Inc. cohesive coatings with printing and laminating materials, converters should control the use of active and slow solvents (including, but not limited to, acetates, ketones, toluene, cellosolve, glycol ethers and isomers) to avoid contaminating the cohesive. Contamination will lead to adverse effects on cold seal functionality, such as excessive blocking, low seal strengths, odors and regulatory compliance issues.

Poor machining, adhesion and blocking of cohesive film will occur if TURBO-SEAL® is not thoroughly stirred before using.

HEALTH & SAFETY PRECAUTIONS
The Safety Data Sheet should be consulted for proper handling, clean up and spill containment before use. Keep containers covered to minimize contamination.

LIMITED WARRANTY
Limited Warranty found at www.bostik.com/us or call 800.726.7845. TO THE MAXIMUM EXTENT ALLOWED BY LAW, BOSTIK DISCLAIMS ALL OTHER EXPRESS OR IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. UNLESS OTHERWISE STATED IN THE LIMITED WARRANTY, THE SOLE REMEDY FOR BREACH OF WARRANTY IS REPLACEMENT OF THE PRODUCT OR REFUND OF THE BUYER'S PURCHASE PRICE. BOSTIK DISCLAIMS ANY LIABILITY FOR DIRECT, INCIDENTAL, CONSEQUENTIAL, OR SPECIAL DAMAGES TO THE MAXIMUM EXTENT ALLOWED BY LAW. DISCLAIMERS OF IMPLIED WARRANTIES MAY NOT BE APPLICABLE TO CERTAIN CLASSES OF BUYERS AND SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU. The information, data, and recommendations made herein are based on Bostik’s research only and are not guaranteed to be accurate. The performance of the product, its shelf life, and application characteristics will depend on many variables, including but not limited to the kind of materials to which the product will be applied, the environment in which the product is stored or applied, and the equipment used for application. Any change in any of these variables can affect the product's performance. Bostik does not warrant the product’s suitability for any particular application. It is the buyer's obligation to test the suitability of the product for an intended use prior to using it. The Limited Warranty extends only to the original purchaser and is not transferable or assignable. Any claim for a defective product must be filed within 30 days of discovery of a problem, and must be submitted with written proof of purchase.

Nothing contained herein shall be construed to imply the nonexistence of any relevant patents or to constitute permission, inducement, or recommendation to practice any invention covered by any patent, without authority from the owner of the patent.
